Wrocław, 3 January 2023

LETTER OF INTENT

Wrocław Tech (Politechnika Wrocławska) acting as project coordinator has a privilege to invite your institution to cooperate in the framework of NAWA (Polish National Agency for Academic Exchange) project as a partner. The project Green Transition in Ukrainian Universities is scheduled for one year period (January 2023 – December 2023). Wrocław Tech prepared that project in cooperation and on behalf of Unite! Consortium. The main aim of the project is to involve Ukrainian partners in regular activities of Unite! consortium in the framework of Unite! Erasmus+ project, Work Package 8, An Open Innovation Community for the Green Transition. Wrocław Tech is already appointed by NAWA agency as project coordinator. The planned composition of consortium consists 7 Ukrainian universities:

- Сумський державний університет (Sumy State University)
- Національний ТУ «Дніпровська політехніка» (Dnipro University of Technology)
- Харківський національний університет радіоелектроніки (Kharkiv National University of Radio-Electronics)
- Луцький національний технічний університет (Lutsk National Technical University)
- Національний університет «Одеська політехніка» (Odesa National Technical University)
- Хмельницький національний університет (Khmelnytsky National University)
- Національний університет «Львівська політехніка» (Lviv National Technical University)

and National QA Agency

- Національне агентство із забезпечення якості вищої освіти (National Agency of Quality Assurance in Higher Education).

The pre-selection of Ukrainian partners was made on the basis of the list of participants of Erasmus+ consortia in the period 2015 – 2023 with involvement of Wrocław Tech in the role of coordinator or co-beneficiary. Research

Prof. Tomasz Nowakowski, Vice-Rector for Organization and Development of The University

and education activities of Ukrainian institutions in Engineering fields were applied as an additional criteria.

Let me clearly express that this not an invitation to prepare application and apply for financial support together, it is the invitation directly to the consortium to start the project as soon as possible - in January 2023.

In the framework of the project the main activities (in technical view) foreseen are visits in the venues of Unite! consortium partners for trainings, workshops, summer school, re-training, study-visits and similar purposes. The total budget of the project is 882 446,00 PLN. 89% of the budget is foreseen as travel and subsistence cost for Ukrainian partners, staff cost shares are 5,7% for Ukrainian partners and 4,2% for Wrocław Tech. Mentioned distribution is in line with the general NAWA policy in terms of supporting the academic exchange. **There is no co-financing required.**

In attachment you can find the introductory presentation of the project and general information about Work Package 8, An Open Innovation Community for the Green Transition of the Unite! project.

First activity of the consortium is preliminary scheduled for the period **25rd-28th of January, 2023**. It is kick-off meeting of Green Transition in Ukrainian Universities project in Wrocław. The formula of the meeting is traditional (on site). Wrocław Tech is going to host three representatives of each university and one representative of Agency. All cost linked to the kick-off meeting (travel cost, accommodation) are going to be cover from project financial resources.

Looking forward to your approval for the idea of being part of the consortium.

Yours sincerely,

PROREKTOR
